BOX B: DISCUSSION

Talk about the lesson with your family, group, or mentor.

Warm up: What is the most awesome thing you've seen in creation? What is an amazing fact you've learned about something in creation (i.e. the size of a star)?

1. Read [Psalm 19:1-6](#). List everything creation tells us about God. What would your view of God be if you only had that list?
2. Read and discuss "[What creation tells us about God](#)".
3. If creation points people to God, why doesn't everyone believe in him?
4. Read [Psalm 19:7-11](#). What does the Bible teach us about God that we don't learn from creation?
5. How does the Bible correct wrong views about God?
6. Read [Psalm 19:12-14](#). Have you ever felt like the Bible was speaking personally to you? What was that like?
7. How is the Bible like a guide for our lives? Think of some ways you've seen this happen in your own life.
